

- Find the names of the top 10 customers who spent the most money, and order them showing the highest first?

## Solution:

```
SELECT c.CustomerName ,round(sum(od.Quantity*p.Price),2) as Total_Sales
FROM Customers c join Orders o
    on c.CustomerID = o.CustomerID
join OrderDetails od
    on o.OrderID = od.OrderID
join Products p
    on od.ProductID = p.ProductID
group by c.CustomerName
order by Total_Sales desc
limit 10
```

```
    on o.OrderID = od.OrderID
join Products p
    on od.ProductID = p.ProductID
group by c.CustomerName
order by Total_Sales desc
```

Edit the SQL Statement, and click "Run SQL" to see the result.
